

EZ Screen Wipes - Dual Wet/Dry Solution Wipes

K2-WDT25

These dual wipes are designed to clean sensitive Plasma and LCD screens from dust, fingerprints and other contaminants. When used they will:

- Safely clean the screen of contaminants
- Leave screen streak free

Use as:

- A scheduled maintenance product to optimize screen clarity
- An emergency maintenance product after screen has been contaminated

How Cleaning Products Work

Transaction devices, such as card readers and thermal printers, need to be maintained for performance reliability. Cleaning products safely and easily remove dirt and other contaminants from within these devices without costly outside assistance. Each transaction device requires specific cleaning products to be used as preventive or corrective maintenance.
