Digital Check Releases New Cleaning Cards and Kits

Auburn, Maine - Digital Check Corp in partnership with KICTeam Inc., announced today the release of a newly designed cleaning card and two cleaning kits approved for use with all their check scanners. The Waffletechnology® cleaning card is the product of joint development with Digital Check Corp. and engineered specifically for the best results in Digital Check brand scanners. The card's release is in conjunction with the deployment of their new TS500 scanner. The cards have been shown to remove more dirt and debris than existing products due to their textured design, while employing longer-lasting and environmentally friendly solvents.

"KICTeam is delighted to partner with Digital Check in providing the perfect products to keep their innovative devices operating at optimal levels," said Jimmy Timmins, OEM Business Executive for KICTeam. "The idea to advocate routine cleaning has proven extremely effective in the financial market saving institutions thousands monthly." This check scanner cleaning card carries the exclusive endorsement of Digital Check Corp.

The new products being introduced include:

#KWDCS-CS1B15WS	Digital Check Scanner Cleaning Card	(15/Box)(DCC part #: IS0033)
#KWDCS-K1W	Digital Check Branch Capture Cleaning Kit	(DCC part #: IS0035)
#KWDCS-K2W	Digital Check RDC Cleaning Kit	(DCC part #: IS0036)

About KICTeam
